

The Guajira Peninsula: Colombia

Few places evoke the imagination quite like Colombia's infamous Guajira Peninsula. This harsh, arid and remote part of the world contains South America's most northerly point - the fabled Punta Gallinas. Inaccessible to most, the peninsula is well off the Gringo trail, meaning that you won't encounter thousands of drunk tourists and fast food franchises. Instead, you will discover a part of the world where the struggle for water and survival is very real and the views on offer are simply spectacular. This photo guide will detail my three-day trip through this magical setting, showing you the true beauty of an untouched wilderness just waiting to be discovered. It will also detail how you can do a tour here and what considerations to make.

During our travels in Northern Colombia we left behind the city of Cartagena, the town of Santa Marta, and the quickly growing fishing town of Cabo de la Vela in the Guajira Peninsula of Colombia. Travel to Cabo de la Vela in the Guajira Peninsula of Colombia involves bad roads, high temperatures, giant bugs, rustic beach camping, and the Cocinetas Basin in the Guajira Peninsula, the northernmost tip of South America, Colombia.
