

# The Wishing Hill: A Novel

What if everything you knew about your life was wrong? Years ago, Juliet Clark gave up her life in California to follow the man she loved to Mexico and pursue her dream of being an artist. Now her marriage is over, and she's alone, selling watercolors to tourists on the Puerto Vallarta boardwalk. When her brother asks her to come home to wintry New England and care for their ailing mother, a flamboyant actress with a storied past, Juliet goes reluctantly. She and her self-absorbed mother have always clashed. Plus, nobody back home knows about her divorce or the fact that she's pregnant and her ex-husband is not the father. Juliet intends to get her mother back on her feet and return to Mexico fast, but nothing goes as planned. Instead she meets a man who makes her question every choice and reawakens her spirit, even as she is being drawn into a long-running feud between her mother and a reclusive neighbor. Little does she know that these relationships hold the key to shocking secrets about her family and herself that have been hiding in plain sight. CONVERSATION GUIDE INCLUDED
